Were you able to meet the data collection requirements described in CMM 02-2018 (Data Standards) paragraphs 1(b) (c) and (d)? (Being information on fishing activity, non-target species impacts and transshipments/landings) YES NO Partial .

Liberia met the requirements for the two vessels (WEI NING and ZHONG XIANG) that participated in SPRFMO fisheries during the 2017 period. The transshipment data for the vessels was submitted to the Secretariat on 18 June 2018 pursuant to CMM 02-2018, 1(d).

Liberia does not have a national observer program.

Para 4: Please describe the systems you use to verify your SPRFMO fishery data.

Liberia implements a vessel monitoring scheme by requiring all vessels engaged in transshipment activities to install automatic location communicators (ALCs) on board. The units transmit: static unique identifiers; geographical position of the vessels; date and time. The units also comprise of tablets with pre-programmed e-forms, which can communicate transshipment data. Liberia also has a requirement for all vessels to ensure that the units are operational at all times; in case a VMS unit is found inoperable, a vessel is required to report immediately to the Flag. The VMS units are tamper-proof and will emit an electronic message if tampered with.

CMM 03-2018 Bottom fishing in the SPRFMO Convention Area

Para 3: If so, did you inform the relevant flag State before, or at the same time as, transmitting the list? YES NO

In October 2017, then Liberian flagged vessel (ZHONG XIANG) was found to have engaged in IUU activities in the SPRFMO Convention Area. Results of the investigation and final determination, including penalty, were shared with the Secretariat.

Para 4: Were any of your flagged vessels on the draft IUU List? YES NO

Para 6: If so, did you notify vessel owners and inform them about the potential consequences? YES NO

[Click here to enter text.](#)

Para 13: Were any of your flagged vessels on the final IUU List? YES NO

If so, did you notify the vessel owners and inform them about the consequences of inclusion? YES NO

Para 13: What measures were taken to eliminate these IUU activities?

Liberia Maritime Law and Regulations grant authority to the Flag Administration to order vessels into ports for inspections and investigation arising out of a casualty or violation. If a vessel is found to have contravened the law or any of the regulations (fisheries, etc.), and depending on the nature and severity of the violation, an administrative penalty could be imposed, or the vessel's Certificate of Registry could be suspended or revoked.

Did you enforce any of the measures described under CMM 04-2017 (IUU List) paragraph 14?

YES NO

If so, please elaborate.

On November 1, 2017, Peru reported to the Liberian Flag Administration (via the SPRFMO Secretariat) that Liberian flagged vessel ZHONG XIANG was observed by Peru VMS system indicating that during the period between October 24-30, the ZHONG XIANG was operating at slow speeds and on a parallel approach with three Chinese vessels in the SPRFMO area adjacent to Peru's jurisdictional waters. The Liberian Administration advised the vessel's owner of the report and then ordered the vessel to a convenient port to conduct an investigation into possible IUU activities. Upon conclusion of the investigation, it was determined that the ZHONG XIANG had engaged in at least three unauthorized transshipment operations in the SPRFMO Convention Area between October 24-30, 2017. The vessel was subsequently issued a Notice of Violation for: a) Failure to obtain authorization prior to engaging in transshipping operations in the SPRFMO Convention Area, in violation of CMM 12-2017 (Para. 2) and Liberia Maritime Regulation 2.35; b) Failure to obtain authorization prior to engaging in at sea transfer of fuel, etc. in the SPRFMO Convention Area, in violation of CMM 12-2017 (Para. 3) and Liberia Maritime Regulation 2.35; and c) Failure to obtain authorization prior to engaging in transshipping operations in the SPRFMO Convention Area and failure to report to the SPRFMO Secretariat and the flag State, in violation of Liberia Marine Notice FTP-001_Rev 8-17 and Section 203 of Liberia Maritime Law. The vessel was fined \$30,000; the fine was paid and the vessel later transferred to another flag.

CMM 05-2016 Commission Record of Vessels authorised to fish in the Convention Area

Para 2: Describe how you take into account the vessel and operator compliance history when considering whether or not to authorise a particular fishing vessel.

The Liberian Administration has procedures in place to ensure that a vessel or its owner/operator has no history of illegal activities before granting a transshipment license. When a vessel applies for a transshipment license, a due diligence review is conducted into the background of the vessel's commercial history and the owner/operator. If the vessel or owner/operator has prior history of illegal activities, then the application is denied. Also, as part of the transshipment application, the operator is required to sign a Declaration to Comply with Conservation and Management Measures and Attestation relating to IUU Activities.

Para 3: Describe the measures you have taken to ensure that you are able to take effective enforcement actions against the owners of vessels flying your flag should the need arise.

The Liberian Administration consists of numerous divisions, including Transshipment and Investigations divisions. If a vessel is detected to have engaged in unlawful or illegal activities, the Investigations and Transshipment divisions work cooperatively to effectively identify the issues. Once identified, the Administration dispatches one of its over 400 regional inspectors to board the vessel to determine if a violation has occurred. If a violation has indeed occurred, an administrative penalty is imposed on the vessel, depending on the severity of the violation.

Para 4: Do you maintain your own register of fishing vessels for the SPRFMO Area?

YES NO

Para 5: Does it contain all the necessary information (as described in Annex 1 of CMM 05-2016 (Record of Vessels)?

YES NO

Are there any reasons that this vessel information has not been collected?

N/A
