Data verification

Para 4: Please describe the systems you use to verify your SPRFMO fishery data.

Liberia requires that its vessels install tamper proof automatic location communicators (or vessel monitoring systems) onboard vessels engaged in transshipment activities. The units transmit: vessels' unique identifiers; geographical position; date and time. The units also comprise of tablets with pre-programmed e-forms, which are capable of communicating transshipment data. Liberia also has a requirement for all vessels to ensure that the units are operational at all times; in case a VMS unit is found inoperable, a vessel is required to report immediately to the Flag. Liberia also has a well-manned Fish Monitoring Center (FMC), which continuously monitor the vessels' activities to ensure that the vessels are in compliance with established requirements and management measures, particularly to detect illegal, unreported and unregulated (IUU) fishing activities and transshipment efforts.

CMM 05-2019 Commission Record of Vessels authorised to fish in the Convention Area

Para 2: Describe how you take into account the vessel and operator compliance history when considering whether or not to authorise a particular fishing vessel

Liberia conducts a thorough due diligence review of vessels applying for transshipment licenses to ensure that vessels do not have a history of non-compliance or IUU activities. If a vessel is found to have contravened regulations, said vessel is denied a transshipment license.

Para 3: Describe the measures you have taken to ensure that you are able to take effective enforcement actions against the owners of vessels flying your flag should the need arise...

Liberia Maritime Law and Regulations grant authority to order a vessel suspected of wrongdoing into a port for inspection and/or investigation. If a vessel is found to have violated the law/regulations, an administrative penalty could be imposed, or the vessel's Certificate of Registry could be suspended or revoked.

Para 4: Do you maintain your own register of fishing vessels for the SPRFMO Area?
