

CMM 4.10

Conservation and Management Measure for the Establishment of a Compliance and Monitoring Scheme in the SPRFMO Convention Area

The Commission of the South Pacific Regional Fisheries Management Organisation;

RECALLING the relevant provisions of the Convention on the Conservation and Management of High Seas Fishery Resources in the South Pacific Ocean, in particular Articles 24, 25 and 26;

NOTING that Article 24 of the Convention requires each Member of the Commission to implement any Conservation and Management Measures (CMMs) adopted by the Commission;

MINDFUL of the rights and obligations of Members of the Commission in promoting the effective implementation of CMMs adopted by the Commission;

NOTING that in accordance with international law, Members have responsibilities to exercise effective control over their flagged vessels and their nationals;

RECOGNISING the importance of introducing a robust compliance review mechanism by which the compliance of each Member is examined in depth on a yearly basis;

ADOPTS the following CMM to establish a SPRFMO Compliance and Monitoring Scheme (CMS):

I. PURPOSE

1. The purpose of the SPRFMO CMS is to ensure that Members and Cooperating Non-Contracting Parties (CNCs) implement and comply with obligations arising under the Convention and CMMs adopted by the Commission. The CMS is designed to:

- a) Assess compliance by Members and CNCs with their obligations under the Convention and CMMs.
- b) Identify areas in which technical assistance or capacity building may be needed to assist Members and CNCs to achieve compliance.
- c) Identify aspects of CMMs which may require improvement or amendment to facilitate or advance their implementation. These findings and subsequent actions shall not necessarily replace any review procedure established in accordance with Article 30 of the Convention.
- d) Take action against non-compliance through preventive and remedial options that should include a range of possible responses that take into account the reasons for and degree of non-compliance, as assigned in accordance with paragraph 15 (a).

II. SCOPE AND APPLICATION

2. At each annual meeting, with the assistance of the Compliance and Technical Committee (CTC), the Commission shall evaluate Members' and CNCPs' compliance with their obligations arising from the Convention, in particular Articles 24, 25 and 26, and CMMs adopted by the Commission included in Annex II of this measure. The assessment should cover the period 1 November till 31 October of the subsequent year.

3. The Commission shall also review Compliance Action Plans and other recommendations on compliance adopted by the Commission, in accordance with this CMM, in previous years' Final Compliance Reports in order to assess how they have been implemented by the concerned Members and CNCPs.

4. Each year, the Commission shall consider and identify whether compliance with additional CMMs should be evaluated annually or on another basis.

III. IMPLEMENTATION REPORTS

5. At least 90 days before the start of the CTC meeting Members and CNCPs should provide the Secretariat with their Implementation reports as required by Article 24 (2) of the Convention and any other relevant CMMs on the basis of a template to be developed by the Commission at its 2016 Annual meeting.

Until the template referred to above is adopted, the provisional template in Annex II will be used.

IV. DRAFT COMPLIANCE REPORT

6. Prior to the annual meeting of the CTC, the SPRFMO Secretariat shall compile information received from Members and CNCPs including their Implementation reports, data collection programmes of the Commission and, where appropriate, any suitably documented information provided by other relevant sources, and shall prepare the Draft Compliance Report using the template in Annex III.

7. The SPRFMO Secretariat shall provide to each Member and CNCP its respective section of the Initial Draft Compliance Report no later than 60 days before the annual CTC meeting.

8. Each Member and CNCP shall comment on the Draft Compliance Report providing any additional information it deems suitable to the Secretariat no later than 30 days before the annual CTC meeting. This information shall, as appropriate:

- a) provide additional information, clarifications, amendments or corrections necessary to address the potential compliance issues identified or respond to any other request for additional information;
- b) identify any particular causes of the potential compliance issues or difficulties with respect to implementation of the obligation in question, or circumstances which may mitigate the potential compliance issues;

- c) identify technical assistance or capacity building needed to assist Members and CNCPs to address potential compliance issues.

9. The SPRFMO Secretariat shall compile a revised Draft Compliance Report which shall include all information, clarifications and comments provided by Members and CNCPs in response to the initial Draft Compliance Report, as described in paragraph 8 above.

10. The SPRFMO Secretariat shall circulate to Members and CNCPs the revised Draft Compliance Report no later than 14 days before the annual CTC meeting, by making it available on the non-public section of the Commission website. As soon as practicable after posting it, the Secretariat shall notify Members and CNCPs of its availability.

V. PROVISIONAL COMPLIANCE REPORT

11. At its annual meeting, the CTC shall consider the Draft Compliance Report, and may take into account any additional information provided during the meeting of the CTC by Members, CNCPs and other observers, including non-governmental organisations and other organisations concerned with matters relevant to the implementation of the Convention. CTC shall identify any potential compliance issues for each Member and CNCP.

12. On the basis of the information provided, the CTC shall develop a Provisional Compliance Report, based on the issues identified in respect of that Member or CNCP and using the criteria and considerations for assessing compliance status set out in Annex I. The Provisional Compliance Report shall include recommendations for the Commission for any follow-up corrective action needed and any preventive or remedial action taken, or proposed to be taken, by the Member or CNCP. Based on the status accorded, those recommendations may include the need for the Commission to undertake a Compliance Review, develop a Compliance Action Plan or identify a Compliance Remedy.

13. The Provisional Compliance Report will include an Executive Summary that includes recommendations regarding:

- a) Where appropriate, proposals to amend or improve existing CMMs;
- b) Identified obstacles to implementation including capacity building requirements;
- c) Provisions of CMMs and other Commission decisions that are a priority to be monitored and reviewed; and
- d) Other responsive action which may be considered by the Commission, as appropriate.

14. The Provisional Compliance Report shall be forwarded to the Commission for consideration at the annual meeting.

VI. FINAL COMPLIANCE REPORT

15. The Commission shall consider the Provisional Compliance Report provided by the CTC, and adopt a Final Compliance Report at its annual meeting, which shall include:

- a) A compliance status for each Member and CNCP with respect to the implementation of their obligations under the Convention and CMMs, and recommendations for any corrective action needed, based on compliance issues identified with respect to that Member or CNCP;
- b) Suggestions for possible amendments or improvements to existing CMMs to address implementation or compliance difficulties experienced by Members and CNCPs;
- c) Obstacles to implementation identified by Members and CNCPs including capacity building requirements;
- d) Additional obligations that should be reviewed under the CMS;
- e) Any other action the Commission shall deem appropriate to address non-compliance noted in the Final Compliance Report or to promote compliance with the Convention, CMMs and other obligations reviewed in the CMS.

16. The final Compliance Report shall also contain an executive summary setting out any recommendations or observations from the Commission regarding the issues listed in paragraph 15 of this measure.

VII. OTHER RULES

17. All the relevant information arising from the SPRFMO CMS procedure shall be subjected to the relevant applicable SPRFMO rules and procedures regarding the use of information and transparency. Therefore, the Draft and Provisional Compliance Reports shall not constitute public domain data, but the Final Compliance Report and the executive summary shall be public domain data.

18. The Commission shall take a graduated response to non-compliance, taking into account the type, severity, degree and cause of the non-compliance in question. The Commission should develop, as a matter of priority, a process to complement the CMS that identifies a range of specific responses to non-compliance events that may be applied by the Commission through the implementation of the CMS. This shall include penalties and any other actions as may be necessary to promote compliance with the Convention, CMMs and other obligations included in the CMS.

19. This CMM will be revised at the 2017 Annual Meeting.

Annex I: **Status of Compliance**

For the purposes of this CMM, “compliance status” refers to Members’ and CNCPs’ compliance with their obligations arising from the Convention, in particular Articles 24, 25 and 26 and the CMMs listed in Annex II of this measure and takes account of Members’ and CNCPs’ responses and corrective actions to address compliance issues identified.

Compliance Status	Criteria	Follow up
<i>Compliant</i>	No compliance issues identified with respect to the relevant obligations.	None
<i>Non-compliant</i>	Non-compliance may be due to: a) Actions or omissions which constitute a minor infringement of relevant obligations; b) Insufficient, unclear or incorrect data or information;	<i>Undertake a Compliance Review</i> to identify non-compliance of a minor or technical nature or obligations with respect to which further information is required in order to identify implementation gaps and improve compliance.
<i>Priority non-compliant</i>	Non-compliance may be due to: a) Action or omissions that constitute a serious infringement of relevant obligations; b) Non-compliance that undermines the effectiveness of the Convention or CMM; c) Failure to comply with previous CMS recommendations adopted by the Commission, after sufficient time and assistance has been provided.	<i>Develop a compliance action plan</i> to assist Members and CNCPs to actively take steps to respond to and rectify non-compliance or improve implementation of relevant obligations, including through the provision of technical assistance or capacity building, where appropriate.
<i>Seriously/Persistently Non-Compliant</i>	Non-compliance may be due to: a) Action or omissions that constitute a repeated serious infringement of relevant obligations; b) Repeated non-compliance that undermines the effectiveness of the Convention or CMMs; c) Repeated failure to comply with previous Compliance Action Plans after sufficient time and assistance has been provided.	<i>Identify a Compliance Remedy</i> to address instances of persistent non-compliance which have not been resolved even after sufficient time and assistance have been provided through a Compliance Action Plan.
