CMM 05-2023

Conservation and Management Measure for the Commission Record of Vessels Authorised to Fish in the Convention Area (Supersedes CMM 05-2022)

The Commission of the South Pacific Regional Fisheries Management Organisation;

RECALLING Article 27 (1)(a) of the Convention regarding the establishment of appropriate procedures for effective monitoring, control and surveillance of fishing and to ensure compliance with this Convention and the Conservation and Management Measures (CMMs) adopted by the Commission, including the establishment and maintenance of a Commission record of vessels authorised to fish in the Convention Area;

CONSIDERING that according to Article 1 (1)(h) of the Convention, “fishing vessel” means any vessel used or intended for fishing, including fish processing vessels, support ships, carrier vessels and any other vessel directly engaged in fishing operations;

NOTING that Article 19(2)(b) of the Convention stresses the need to avoid adverse impacts on, and ensure access to fisheries by, subsistence, small-scale and artisanal fishers and women fish workers when establishing CMMs for fishery resources covered by the Convention.

TAKING INTO ACCOUNT the provisions of Articles 23 and 25 of the Convention, regarding Data collection, compilation and exchange and flag State duties;

ADOPTS the following CMM in accordance with Articles 8 and 27 of the Convention:

1. The appropriate government authorities of Members and Cooperating Non-Contracting Parties (CNCP) shall only authorise fishing vessels flying their flag to fish in the Convention Area where they are able to exercise effectively their responsibilities in respect of such vessels under the Convention, including relevant CMMs adopted by the Commission, and in accordance with relevant international law.
2. Each Member and CNCP will take into account the history of fishing vessels and operators with respect to their compliance (or non-compliance) with relevant CMMs when considering whether or not to authorise a particular fishing vessel flying its flag to fish in the Convention Area. Members and CNCPs shall ensure that no authorisation to fish in the Convention Area is issued to or maintained for a vessel included on any Regional Fisheries Management Organisation Illegal, Unreported and Unregulated (IUU) vessel list or on the IUU vessel list of the Commission for the Conservation of Antarctic Marine Living Resources.
3. Each Member or CNCP shall take necessary measures to ensure that vessels flying their flag and authorised to fish in the Convention Area have a sufficient level of ownership by citizens, residents or legal entities within its jurisdiction to allow enforcement action to be effectively taken against them.
4. Each Member and CNCP shall maintain a register of fishing vessels entitled to fly its flag and authorised to fish in the Convention Area.
5. Members and CNCPs shall collect and include for each vessel on its register of fishing vessels entitled to fly its flag and authorised to fish in the Convention Area, the data described in Annex 1 of this Measure.
6. For vessels not previously on the SPRFMO Record of Vessels, Members and CNCPs shall inform the Executive Secretary of the vessels flying their flag authorised to fish in the Convention Area at least 15 days previous to the first entry of such vessels in the Convention Area for the purposes of fishing for SPRFMO fishery resources. In doing so, Members or CNCP shall provide the Executive Secretary the vessel’s details, including the information required by Annex 1 of this Measure in order for the vessel to be validly included on the Commission Record of Vessels.

7. Members and CNCPs shall ensure that the vessel data specified in Annex 1 for the vessels flying their flag authorised to fish in the Convention Area is updated. Any modification regarding the vessel data shall be notified by the relevant Member or CNCP to the Executive Secretary within 15 days after such modification.
8. Members and CNCPs shall inform the Executive Secretary when authorisations to fish in the Convention area are revoked, relinquished or otherwise no longer valid. This information shall be submitted immediately or in any case in no more than 3 days of the date of any such change.
9. An authorisation entry on the SPRFMO Record of Vessels shall cease to be a valid entry when there is a change in any of the following details until the required information is updated:
 - a) Vessel flag State;
 - b) International Radio call sign (if any);
 - c) Flag authorisation start date;
 - d) Flag authorisation end date;
 - e) UVI (Unique Vessel Identifier)/IMO number (if issued).
10. Where a notification indicates a change of Vessel flag, the Secretariat shall inform the previous flag State on the Record of Vessels of the notification within 5 days of receiving such notification in order to confirm the Vessel flag has changed.
11. The Commission Record of Vessels shall include all the fishing vessels on Member's and CNCP's records authorised to fish in the Convention Area, including the data submitted by Members and CNCPs according to Annex 1 of this Measure
12. The Executive Secretary shall maintain the Commission Record of Vessels authorised to fish in the Convention Area. The Executive Secretary shall only include a vessel on the Commission Record of Vessels (Authorised to Fish in the Convention Area) once the mandatory information required by Annex I has been submitted¹. A summary of the Record of Vessels shall be publicly available on the SPRFMO website, according to the provision of paragraph 6 of CMM 02-2022 (Data Standards).
13. The Record of Vessels shall indicate which of the authorised vessels have been actively fishing for each year. To this end each Member and CNCP participating in fishing activities in the Convention shall notify the Executive Secretary of the vessels that are actively fishing or engaged in transshipment in the Convention Area. In the case of vessels involved in the *Trachurus murphyi* fishery, this information shall be submitted within 20 days of the end of each month. For vessels involved in other fisheries within the Convention Area, this information shall be submitted on annual basis, within 30 days of the end of the year. The Executive Secretary shall maintain lists of the vessels so notified and will make them available on the SPRFMO website.
14. When a previously authorised vessel is no longer authorised by the Member or CNCP to fish within the Convention Area, such vessel shall not be deleted from the Record of Vessels, but labelled as "not currently authorised".
15. The Commission will review this CMM as required, to consider amendments to this measure to improve its effectiveness and to take into account, among others, the developments of the FAO Global Record initiative as relevant.

¹ The Executive Secretary shall provide advice to the relevant Member and CNCP within two business days if the minimum information requirements have not been met.
