

12th MEETING OF THE SCIENTIFIC COMMITTEE

30 September to 05 October 2024, Lima, Peru

SC12 – Doc09

Call for Interest to Host Forthcoming Scientific Committee Meetings

Secretariat

Background

According to Rule of Procedure 3 “Before the end of each annual meeting, the Commission¹ shall, if possible, decide on the date and location of the next annual meeting”.

To facilitate medium-term planning for both the Secretariat and the SPRFMO Member administrations, the Scientific Committee (SC) members are asked to consider the feasibility for them to organise and host any of the forthcoming SC meetings.

This exercise is not a formal commitment (confirmation is normally given during the FAC/Commission meeting). This is a scoping exercise to determine where SC meetings could potentially take place in the coming years. Therefore, each year column is open to offers from more than one Member or CNCP.
